

■ Contractor Liability & Workers' Comp Checklist

Use this quick checklist to make sure your construction business is protected from common liability and workers' compensation pitfalls.

- My business liability and workers' comp coverage is reviewed annually.
- All subcontractors provide valid certificates of insurance before work begins.
- I verify insurance requirements in contracts and ensure my coverage matches.
- Employee classifications are accurate and payroll is properly tracked.
- I have systems in place to avoid any lapse in coverage (reminders, auto-pay, etc.).

At **Peloton Insurance Brokers, LLC**, we specialize in helping California contractors with tailored liability and workers' comp programs. Review this checklist regularly and reach out to us to ensure your business is always protected.

- Contact us today to review your coverage and protect your business.
